

YOUR ATHLETES NEED YOU

Range Officers are qualified by the ISSF as Judges and Coaches and can therefore ensure that the Competitions are run as correctly as possible to ISSF rules.

It is very important that athletes at the start of their shooting career understand and follow the rules as soon as possible and this is why it is so necessary that new Judges and Coaches are trained. Not everyone can reach the standard of shooting required to represent their country, but this is another way open to any age.

The BPC is offering Members the opportunity to start on the Range Officer/ Judging path, and this will commence with a qualification course over a weekend at Bisley.

If you are interested in further information please send your details to secretary@britishpistolclub.org and we will keep you informed about the Course.
